

# How to Make Your Own Game of Good Cards

1. Download this pdf and take it to your local print shop (you can do it on your own printer too)
2. Print out the cards on heavy white card stock(80-pounds or higher)
3. If you want you can print grey or black on the back of the resource cards to make them easier to tell apart.
4. Cut the cards to size using a large paper cutter
5. That's it, you're ready to go!

# Game of Good Rules

## Basic Rules

1. Designate a recorder. Preferably this is someone who can write quickly and/or is highly visual. [Note: This doesn't mean no one else can write or draw just that there's someone watching out to make sure ideas don't fall through the cracks]
2. One player picks a white question card and reads aloud the question beginning with "How Might We...?" [HMW]
3. Another player picks three grey resource cards.
4. Set the clock for 20 minutes.
5. Brainstorm (see guidelines below).
6. At the end of the 20 minutes, everyone votes for their favorite ideas. Each vote counts as one point.
7. Bonus points or in big groups: Let people vote in different categories like "Most rationale" "the Long Shot" "Funniest"

## Brainstorming Guidelines

1. **Defer Judgement:** brainstorming is all about new ideas. People will be inhibited if judgement is on the table, so take it off.
2. **Encourage wild ideas:** The crazier the better. Game of Good is designed to start with unusual combinations you wouldn't normally think of - often these are where the most creative ideas come from.
3. **Go for quantity:** The more ideas you produce the more likely you'll come up with one to pursue. You can hone in later, for now more is better.
4. **Build on other's ideas:** Groupthink is powerful. Let yourself naturally build on the ideas others suggest.
5. **Be visual:** Visuals help clarify ideas more quickly and powerfully. Even if you are not an artist try a sketch to illustrate what you are thinking of.
6. **Have Fun!**
